Bottom Navigation Menu Overview

At the bottom of your screen, you'll see the main navigation bar. This is how golfers move through their round and access key features:

- 1. Hole:** Displays the current hole being played, including yardage, layout, and key details. This is where golfers spend most of their time during play.
- 2. Scores:** Track your performance throughout the round with live leaderboards, detailed stats, and the activity feed. Your scores update in real time as you play.
- 3. Cart:** Used for in-round purchases such as food, beverages, or add-ons (if enabled by the course). Orders can be sent directly to the clubhouse or cart service.
- 4. Map:** See the full course layout with hole locations, distances, and key features such as putting and chipping greens, the driving range, restrooms, and more.
- 5. Course:** View general course information including location, contact details, branding, and an overview of the course. You can also access the scorecard and hole-by-hole breakdown.
- 6. Info:** View your round details including players, tee time, format, starting hole, and weather conditions. This section also provides a quick overview of your gameplay setup.

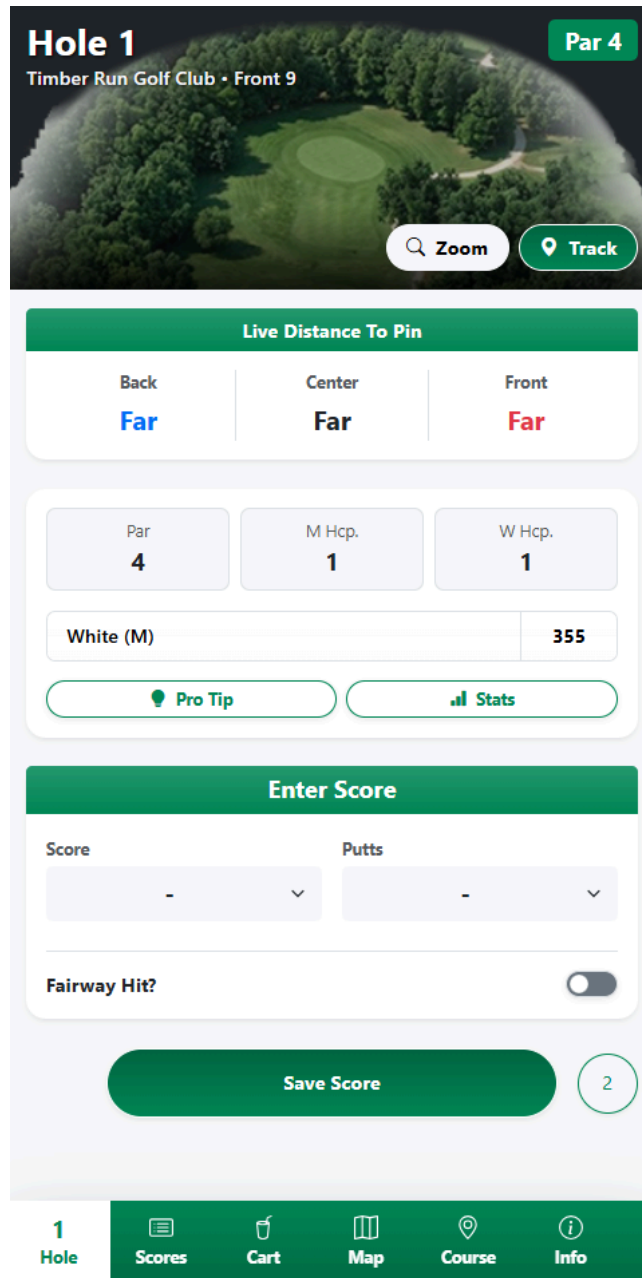

Starting Your Round (When you are ready)

When you're ready, click **"Proceed to Hole 1"** to begin scoring or go to hole 1 on the menu.

Scoring your Round

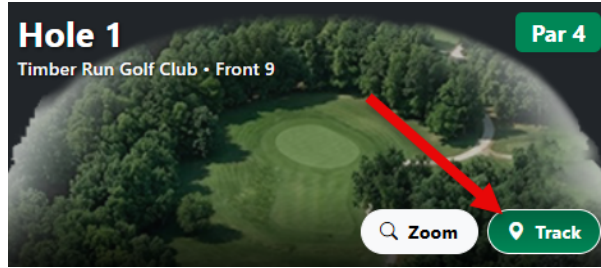

Play your round from this screen. View live distances to the pin, hole details, and enter your score. You can also track stats, view pro tips, and update your performance in real time.

DASH3

Track your shot

Tap “Track” to begin shot tracking. This allows you to record each shot, measure distances, and build a visual map of your play for the hole.

Track and visualize your shots in real time. See distances between each shot, clubs used, and your path to the pin to better understand your performance on each hole.

Customize club tracking in your profile.

Customize your profile by adding your club distances, equipment details, and sizing information to enhance shot tracking and overall gameplay.
